

# Shruti Lall

Electrical and Computer Engineering  
Georgia Institute of Technology

Email: [shruti.lall11@gmail.com](mailto:shruti.lall11@gmail.com)  
Phone: +1-404-247-4958

---

<b>Research Interests</b>	Edge Computing, Predictive Caching, Machine Learning, Wireless Communications and Networking, Multimedia Systems, Mobile Computing, Data Mining, Data-driven User Behavior Modelling.	
<b>Education</b>	<b>Ph.D, Electrical and Computer Engineering</b>	Aug'16 - Present
	Georgia Institute of Technology, Atlanta, USA	
	<ul style="list-style-type: none"><li>• Advisor: Prof. Raghupathy Sivakumar</li><li>• Dissertation Topic: Time-shifted Prefetching and Edge Caching of Video Content-Insights, Algorithms &amp; Solutions</li></ul>	
	<b>MEng, Electronic Engineering</b>	Jan'15 - Dec'15
	University of Pretoria, Pretoria, South Africa	
	<ul style="list-style-type: none"><li>• Advisor: Prof. Sunil Maharaj &amp; Prof. Attahiru Alfa</li><li>• Thesis Topic: Optimal Placement and Power Allocation for Jammers in Wireless Mesh Networks</li><li>• Graduated Summa Cum Laude</li></ul>	
	<b>BEng(Hons), Electronic Engineering</b>	Jan'14 - Dec'14
	University of Pretoria, Pretoria, South Africa	
	<ul style="list-style-type: none"><li>• Graduated Cum Laude</li></ul>	
	<b>BEng, Computer Engineering</b>	Jan'10 - Dec'13
<b>Awards and Achievements</b>	University of Pretoria, Pretoria, South Africa	
	<ul style="list-style-type: none"><li>• Graduated Cum Laude and with Gold Merit Award</li></ul>	
	<ul style="list-style-type: none"><li>• <b>Fulbright Scholar</b>, awarded for Ph.D studies in the U.S., 2016</li><li>• Awarded <b>N2Women/Student Travel Grant</b> for ACM MobiCom, Los Cabos, Mexico, 2019</li><li>• <b>Semi-Finalist</b> of Qualcomm Innovation Fellowship 2018, USA</li><li>• <b>S2A3 Medal</b>, awarded for most outstanding research student in a scientific subject graduating at the Masters level at a South African University, 2015</li><li>• <b>South African Women in Science Award</b> for outstanding academic and research abilities in the master's category, 2015</li><li>• <b>Gold Merit Award</b> for top student in Computer Engineering at University of Pretoria, 2011</li><li>• <b>Dean's List of Merit</b>, appeared in the Dean's List for outstanding academic achievement at University of Pretoria, 2010-2013</li><li>• Member of <b>Golden Key International Honour Society</b> for academic achievement at the University of Pretoria, 2010-2015</li><li>• <b>IEB Commendable Achiever</b> for being ranked in top 5% in 5 subjects in the National Senior Certificate Examinations, South Africa, 2009</li><li>• <b>Dux Scholar</b>, awarded to top student at St Mary's DSG Pretoria, 2009</li></ul>	

<b>Internships</b>	<b>Verizon Media</b>	Summer'20
	<ul style="list-style-type: none"> <li>• Worked with the content delivery network research team</li> <li>• Performed large-scale cache modeling and investigated the inter-dependencies between customers and caching policies</li> <li>• Developed and evaluated a model for predicting cache churn age for edge servers</li> </ul>	
	<b>IBM Research T.J. Watson</b>	Summer'17
	<ul style="list-style-type: none"> <li>• Worked with the IBM Quantum Algorithms group</li> <li>• Developed and implemented a cognitive Q/A system for IBM's cloud quantum computing offering</li> </ul>	
	<b>IBM Research South Africa</b>	Spring'16, Summer'16
	<ul style="list-style-type: none"> <li>• Involved with the Smarter Urban Ecosystems thematic area</li> <li>• Developed a artificial neural networks based system for wildfire prediction and prevention</li> <li>• Implemented a user interface and associated dashboard for wildfire risk prediction for the City of Cape Town</li> </ul>	
	<b>Sentech South Africa</b>	January'12
	<ul style="list-style-type: none"> <li>• Assisted in the development of the National Wireless Broadband Network Project</li> <li>• Researched methods for the deployment of wireless networks at a national scale</li> </ul>	
<b>Research Experience</b>	<b>Predictive Edge Caching of Video Content</b>	May'17 - Present
	Advisor: Prof. Raghupathy Sivakumar, Georgia Institute of Technology	
	<ul style="list-style-type: none"> <li>• Collected and performed an in-depth analysis of real-world datasets of YouTube and Netflix usage and provided substantiated directions for solutions based on obtained insights in the general domains of networking and communication.</li> <li>• Designed and developed data-driven machine learning and deep learning algorithms for predicting future video consumption behavior</li> <li>• Developed and implemented prototypes for prefetching algorithms on mobile devices.</li> </ul>	
	<b>Access Point Mobility on Indoor WiFi Communication</b>	Jan'17 - Apr'17
	Advisor: Prof. Raghupathy Sivakumar, Georgia Institute of Technology	
	<ul style="list-style-type: none"> <li>• Investigated the effects that mobility of wireless access points (APs) have on small-scale fading and network throughput</li> <li>• A linear XYZ actuator mounted with a wireless AP was used to perform multiple experiments to study the effect of AP mobility on single-client and multi-client scenarios</li> </ul>	
	<b>Physical-layer Security Methods for V2X Communication</b>	Aug'16 - Dec'16
	Advisor: Prof. Geoffery Li, Georgia Institute of Technology	
	<ul style="list-style-type: none"> <li>• Studied the application of physical-layer based security techniques for V2X communication in vehicular ad hoc networks</li> <li>• Investigated using multi-path components to fingerprint channel</li> </ul>	

**Location Optimization and Power Allocation of Jammers** Jan'15 - Dec'15  
Advisor: Prof. Attahiru Alfa, University of Manitoba, Canada and Prof. Sunil Maharaj, University of Pretoria, South Africa

- Developed a novel physical-layer based technique for prevention of eavesdropping in wireless mesh networks using protective jammers
- Formulated the placement and power allocation of the jammers as a minimization mixed integer non-linear problem
- Performance is evaluated on the OmNet++ platform and using IBM ILOG CPLEX solver

**Null-frequency Jamming of a Proactive Routing Protocol** Jan'13 - Dec'13  
Advisor: Prof. Sunil Maharaj, University of Pretoria, South Africa

- Developed a novel periodic jamming technique for proactive routing protocols in wireless mesh networks
- Evaluated using OmNet++ platform

<b>Provisional Patents</b>	S. Lall and R. Sivakumar. Systems and methods for Time-Shifted Prefetching of Predicted Content for Wireless Users. US Provisional Patent Application 17/317,581. 2021.	
<b>Technical Skills</b>	Python, SQL, Scikit-learn, Tensorflow, C/C++, Java, MATLAB, , Assembly, VHDL, OmNet++, IBM ILOG CPLEX, Wireshark, L <sup>A</sup> T <sub>E</sub> X, Web (HTML/CSS/d3/js/PHP)	
<b>Certifications</b>	Cisco CCNP: Building Scalable Internetworks Cisco Networking Academy (2013), Cisco CCNA Exploration Cisco Networking Academy (2011)	
<b>Coursework Highlights</b>	Telecom	Digital Communications, Coding Theory, Dependable Distributed Systems, Computer Networks, Data Compression & Modeling, Personal & Mobile Communications, Spatial Array Processing, DSP Programming & Applications
	Computer Science	Intelligent Systems, Data Structures and Algorithms, Ubiquitous Computing, Introduction to Cognitive Science, Netcentric Computer Systems
<b>Professional Service</b>	<ul style="list-style-type: none"> <li>• Reviewer for <i>IEEE Transactions on Mobile Computing</i>, <i>ACM MobiHoc'19, '20, '21</i>, and <i>IEEE SECON'17</i></li> <li>• Co-authored 2 NSF grants: <i>Action-based Predictive Content Access- A New Prefetching Paradigm for the Next Generation Wireless Internet &amp; Next-Generation Anticipatory Mobile and Wireless Networks</i></li> <li>• Student volunteer at ACM MobiCom'19</li> </ul>	
<b>Talks</b>	<ul style="list-style-type: none"> <li>• Verizon Media, 2020: Large-Scale Cache Modeling for the CDN</li> <li>• IBM Research T.J. Watson, 2017: Cognitive Q/A for IBM's Quantum Experience</li> <li>• IBM Research South Africa, 2016: The Application of Artificial Neural Networks for Wildfire Risk Prediction</li> <li>• Invited talk at IEEE South Africa Chapter on Communications Colloquium at Wits University, 2015: Optimal Placement and Power Allocation for Jammers in Wireless Mesh Networks</li> <li>• Invited speaker for The Girl Learner Programme at Sci-Bono Discovery Center, Johannesburg, 2014 : Encouraging Learners to Follow Careers in Engineering</li> </ul>	
<b>Professional Affiliations</b>	<ul style="list-style-type: none"> <li>• IEEE Member</li> <li>• ACM Student Member</li> <li>• IEEE Communication Society Member</li> <li>• IEEE Women in Engineering Member</li> </ul>
